

To gain the upper hand, minimise your power

Cost reduction coupled with streamlining your business and production processes have become operational imperatives. Allow us to show you a wide range of energy efficiency measures that will not only save you on overheads, but could give you a competitive edge. Talk to one of our Energy Advisors today and let us assist you in devising the most effective energy plan for your business.

Call our Eskom Contact Centre and request a call
from an Energy Advisor on **08600 37566**.
